LYCOMING

A Textron Company

652 Oliver Street
Williamsport, PA 17701 U.S.A
570-323-6181

SALES TERMS AND CONDITIONS

1. All prices are subject to change without notice.
2. New Exchange or New Outright Engines - New engines may be purchased without an exchange engine core (outright) or on an exchange basis. New Outright list price is calculated by simply multiplying the published new exchange list price by 1.2.
3. Rebuilt Exchange or Rebuilt Outright Engines - Rebuilt engines are normally purchased on an exchange basis. Occasionally, upon request the Factory may approve the sale of a Rebuilt engine on an outright basis; however, only the Factory has this authority, prior authorization is required. Rebuilt Outright list price is the same as the published new exchange list price.
4. Overhauled Exchange Engines - Overhauled engines may only be purchased on an exchange basis.
5. Orders for rebuilt and overhauled engines are subject to the availability of core engines.
6. Engines sold on an exchange basis are shipped prior to the receipt of the exchange engine, and will be billed a core charge as listed on the engine price list.
7. Engines that have experienced a major failure are not subject to exchange credit. Lycoming Engines will determine the extent of the failure and the eligibility for core credit.
8. Exchange engines must be active, assembled, complete and in operable condition. Engines that are incomplete or which are found to be inoperable will be returned to the customer, freight collect, and no credit will be issued. Engines must be returned with a valid data plate. All exchanged engine cores must include total time since new or rebuild.
9. Each exchange engine must be accompanied by a completed Factory Return Authorization Worksheet (Form 2500) or a Packing Slip which provides the same information, a factory-authorized RMA number and the engine logbook indicating the total engine time. The Factory authorized RMA number will be supplied by your account representative upon submission of the Factory Authorization Worksheet (Form 2500) provided the information indicates that an acceptable exchanged core is being returned.
10. Exchange engines must be the same model configuration as the engine model ordered unless prior approval is obtained from Lycoming Engines.
11. Generators are no longer available for those models originally supplied with a generator. If a LYCOMING ENGINES generator was supplied with the original engine, DO NOT RETURN THE GENERATOR WITH THE EXCHANGE ENGINE.
12. Lycoming Engines will not be responsible for non-engine accessories returned on the exchange engine. (Vacuum pumps, fittings, hydraulic pumps, governors, hoses, etc.)
13. Replacement engines for Aerobatic aircraft installation will not include the aerobatic kit, hoses or fittings.
14. Regulators, relays and starter switches are no longer available from Lycoming Engines.
15. Engine mounting brackets are not furnished on rebuilt and overhauled engines.
16. All exchange engine cores will be due 120 days from engine shipment date. Lycoming Engines reserves the right to refuse to accept exchanged cores that exceed the core return window.
17. Bills of lading for exchange engines should identify the shipment as "INTERNAL COMBUSTION ENGINE" and the value should be declared "NOT TO EXCEED \$5.00 PER POUND" in order to obtain the lowest freight rate.
18. Core prices are NET and are not subject to any discount.
19. All prices are Ex Works Williamsport, PA, U.S.A. Transportation for the return engine must be prepaid.
20. All engines returned for custom overhaul must not be damaged beyond repairable limits, and returned to: Lycoming Engines, 652 Oliver Street, Williamsport, PA, 17701. Lycoming Engines will reject any engine returned for custom overhaul that is damaged beyond repairable limits.
21. Engine availability subject to change without notice.
